OUR POLICIES & PRACTICES

The health & safety of dogs are our primary concerns. Current vaccination records for rabies, influenza, bordatella, and DHPP must be on file for all dogs here for grooming and cage-free care as well as for dogs here for Self-Wash & Simply Great Bath services whose owners would like them to play in our cage-free daycare areas. All dogs must be spayed/neutered and on a flea prevention program. And we strongly recommend your dog(s) are micro-chipped.

Other aspects of safety we've designed for the care of your beloved dog:

- ✓ Fenced parking area to give you the chance to load & unload dogs with less stress
- ✓ Exterior door set to swing inward to prevent dogs from pushing through and reaching the street
- ✓ Double-door entry
- ✓ Space configured to assure we can see/hear everything that's going on and are always only steps away.
- ✓ Temperature-regulated water in our wash tubs
- ✓ Double latch gates on the separate play areas for Big & Small dogs
- ✓ Sturdy, lockable doors & walls high enough to minimize distractions in each of the self-wash areas
- ✓ A/C cooled interior
- ✓ Post-recycled rubber floor mats in Big Dog land

ECO DOG CARE LA

I started this business in 2010 because I love dogs and know that other dog lovers like you want options for self-wash, grooming, and cage-free care right here in our neighborhood.

I've lived here for over 20 years and am deeply committed to this community and doing what I can to support ecologically sound practices. As a certified Green America business, we strive to be as clean and green as possible in all our operations.

Our cleaning materials are as earth-friendly as we can find (and we're always looking so tell us if you've found something great). We developed our own eco-smart, eco-smart grooming products that are safe for you, your dog and LA's water supply. They are a blend of essential oils and botanicals – never tested on animals, with zero phosphates, parabens, phthalates, or DEA. We provide our premium conditioning Simply Clean shampoo to all our self-wash clients as part of our service though, of course, you can bring your own. (Our shampoo, Simply Clean, and popular body spray, Simply Fresh, are available for sale at Echo Bark on Sunset and from our online store, ecodogcare.com)

We are active supporters of local rescue/charity groups working to get "forever homes" for dogs; we offer them discounted or free services and products and other support whenever & wherever we can.

I look forward to meeting you & your 4-legged family!

We offer separate, cage-free areas for little and big dogs. Most dogs enjoy playing with each other, and chasing balls. They also benefit from the socialization with other dogs and with our devoted staff. Many just enjoy napping in sunny spots

We've got "eyes on dogs" continuously. Our daycare areas are set up so that we are always just steps away. However, play can result in the doggy equivalent of a skinned knee on a playground – minor cuts or scrapes are treated with an antiseptic cleanse and a pat, just as you would at home. If we see truly unsafe activities, we'll use spray bottles (water) or whistles/horns to break it up and, if necessary, separate dogs into a safe time-out area until everybody cools down. If your dog is seriously injured, we'll attempt to contact your veterinarian. If we cannot reach them, we'll take your dog to our local vet. Dogs here for grooming should be dropped off by 10:30 & picked up after 4:00. They'll spend the day in our cage-free daycare areas either playing with other pups or just napping in the sun; this service is complimentary. We need current vaccination records and dogs must be neutered/spayed and on a flea program. If you need to pick-up your dog earlier (or later) than 4:00, please let us know in advance so we can balance schedules.
