What You Can Expect When You Board Your Pet at

PAWS INN RESORT™

OUR GOAL is to provide a comfortable, low-stress environment with fun, interactive activities to give you peace of mind that your pet is well cared for while

you're away. Your pet will have room to explore in our 17,000 ft² of outdoor space and will make new friends in an atmosphere which enhances their well-being with every visit.

The Daily Schedule

6:30 a.m.: Outside for "potty," then in for breakfast

Midmorning: Outside for playtime in groups*

5:00 p.m.: Outside for "potty," then in for supper

9:00 - 10:00 p.m.: Outside playtime in groups before bed

* Play groups are arranged according to each dog's size, age, energy, and play style. It may take 1-2 days with new dogs to establish the best group for your pet. Once we know the dogs, they will be easy to match with good playmates on subsequent visits. Note: We like to give treats after pets come in from each play time

Comfy Paws Supreme - Kong or Yogurt + Tail Waggin' Time or Polite Pup Program + bed

Doggie Daycare

Is your dog stressed out and bored from being left at home alone all day? Paws Inn Daycare is a dog-gone fun way to give your pup exercise, mental stimulation and socialization with other dogs and people. Your pup will 'dig' our climate-controlled indoor kennels and large fenced in outdoor play yard and you'll know your furry kid is happier and healthier because of the many benefits of daycare:

- Regular exercise to maintain a healthy weight
- Relief from boredom, separation anxiety, and destructive behavior at home
- Improved socialization with dogs and people
- Helps stay on top of house breaking
- Consistency on basic manners (sit, down, off, etc.)
- Enhanced quality of life

What Do We Need From You?

Your furry friends need to be current on the following vaccinations:

Dogs:

- Rabies
- Distemper
- Kennel Cough

Cats:

- Rabies
- Distemper
- Feline Leukemia (suggested)

Proof of these vaccinations is required when you drop off your pet. Pets must also be treated for fleas prior to stay. Exceptions may be made for elderly or ill animals. Discuss such situations with Jodi prior to your visit.

- **Please bring your pet's food** and feeding instructions. Bring more food than is needed for their stay. Dishes provided.
- **Bring their favorite toys and bedding.** The familiar smells will help make your pet feel more comfortable. Note: some dogs may chew bedding and toys while away from home. Also, no rawhides please.
- **Bring your pet's medications** and dosage instructions. Please sort into AM/PM dosage containers.
- **Special training or socializing needs.** Let us know if your dog behaves aggressively toward other dogs or humans. Individual play can be provided.

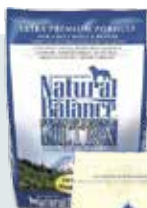

A Note About Double Occupancy...

If your dogs are boarding double occupancy, but cannot eat when they are together, please provide a crate. If you do not have one available, we can provide one for an additional fee.

The Theis Family Welcomes Your Pet

Since 1998, Rick and Jodi Theis have owned and operated their family business, PAWS INN RESORT.

Jodi has been an animal lover since childhood. She became a vet technician in 1991, and has been training dogs since 1994. She is accustomed to working with dogs of all types, sizes, and personalities. Jodi applies her knowledge of animal behavior, health, and nutrition each day as she cares for her boarders. She also believes in keeping her facility free of strong chemicals, and offers wholesome pet food and treats in her retail store.

Rick, a professional landscaper, works with Jodi and their four children: Madilyn, Hayden, Marissa, and Mitchell. Together with their dedicated and experienced staff, they feed, care for, and exercise the guests at PAWS INN RESORT. Jodi and Rick also take care of their own extended family of dogs, cats, birds and a variety of small animals that may find their home here.

Jodi & Rick actively support the local rescue organizations by providing care and expertise for animals in need of homes.
